

# 13 American Colonies

## Final Project

### Directions:

You will be creating a digital presentation for one of the thirteen American colonies located in the New England, Middle, or Southern Colonies. You will be assigned a group and a colony. Your colony will be one of the colonies you read about in your reading material for each colonial region. Each group will have 3-4 students. You will need to work together to decide which digital presentation you want to use to create your project. After creating your digital presentation, each member of the group will need to post it on your blog. Finally, you and your group will present your project in front of the class at the end of week 4.

Here are some of the digital presentations your group can choose from to create your project:

- Prezi
- Haiku Deck
- Glogster
- SlideShare
- emaze
- or you may choose your own that is not listed (please run it by me for approval before beginning your project)

### Project Timeline:

**Monday:** Choose a digital presentation and created persuasive slogan

**Tuesday-Thursday:** Work on creating digital presentation and practicing oral presentation

**Thursday:** Post digital presentation to each group member's blog

**Friday:** In class oral presentations

### Your final project needs to include:

- Title
- A persuasive slogan
- Images
- At least three key points that showcase your colony
- A creative and colorful digital presentation
- Names of all group members
- Interesting and persuasive oral presentation in class

# 13 American Colonies

## Final Project
